

# IT'S TIME TO GET YOUR PET FIT!

## Join our 12 week PetFit Challenge now to receive:

- 🕒 Complimentary appointment with pet weight loss consultant
- ➕ Body condition scoring, weigh-ins and photos recorded.
- 🍰 Discussion on diet and exercise and how we can tweak these to maximise weight loss.
- 📄 Written report provided outlining your pet's customised weight loss program.
- 🕒 Regular follow ups and weigh-ins with rewards for your pet reaching their targets.
- 😊 Celebration and support throughout your pet's weight loss journey!

For more information see our website  
[thornleighvet.com.au](http://thornleighvet.com.au)

Overweight pets are more likely to have:

- Heart conditions
- Skin conditions
- Diabetes
- Increased pressure on joints
- Increased surgical risks
- Liver disease
- Shorter life span

**YOU HAVE THE POWER**  
**to improve your pet's**  
**quality of life!!**

Introducing  
our pet  
weight loss  
consultant!

**Susan** is a qualified veterinary nurse at our hospital with a passion for improving every pet's quality of life. She is excited to have the opportunity to help your pet achieve their weight loss goals and support you in this sometimes difficult journey.
